SUMMARY

- Experienced Software Developer with 3+ years in building scalable web applications using Java, Spring Boot and React.
- Skilled in optimizing SQL queries, Azure & AWS services, and CI/CD pipelines to enhance deployment speed and performance.
- Proven ability to improve application performance, reduce load times, and create responsive and user-friendly interfaces.

EDUCATION

University of North Texas	Denton, TX
Masters in Advanced Data Analytics - GPA: 4.0	Aug 2022 - May 2024
Courses: Application 'and Deployment of Data Analytics, Software Engineering, DSA & Capstone	
JB Institute of Engineering and Technology	Hyderabad, IND
Bachelor of Technology - GPA: 7.5	Jul 2018 - Jul 2022

SKILLS

- **Programming Languages:** Java, C/C++, Python, HTML5, CSS3, JavaScript, SQL.
- **Technologies/Frameworks:** React, Node.js, Bootstrap, Spring, Spring Boot, JSON, REST.
- **Database/Cloud:** SQL Server, MongoDB, PostgreSQL, Microsoft Azure, Amazon Web Services.
- **Software:** Git, GitHub, Eclipse, IntelliJ, Visual Studio, VS Code, Oracle, Postman, CI/CD, Agile SDLC.
- **Certifications:**
 - Software Development - J.P Morgan Chase & Co, May 2024
 - Microsoft Certified: Azure Fundamentals (AZ 900), Aug 2024

PROFESSIONAL EXPERIENCE

Shiseido	San Francisco, CA
Backend Developer	Oct 2023 – Present
<ul style="list-style-type: none">• Designed and built a single-page checkout with Spring Boot, praised by 5K+ users, driving 150+ monthly transactions.• Integrated React and JavaScript with REST APIs, improving page load times by 3 seconds and enhancing user experience.• Contributed to API development with Spring Boot, reducing data processing time by 20 seconds and improving site speed.• Implemented personalization features using Java, driving a 1,000+ increase in email open rates through tailored notifications.	

University of North Texas	Denton, TX
Web Developer	Sep 2022 - Aug 2023
<ul style="list-style-type: none">• Maintained and optimized UNT's student portal using Java and Spring Framework, improving system efficiency and traffic flow.• Integrated responsive design with React and CSS media queries, cutting load times by 30% with positive feedback from 300+ users.• Designed normalized schemas in PostgreSQL and MongoDB, improving data retrieval speed by 25% and ensuring scalability.• Optimized server-side logic and APIs with Node.js, reducing response time from 4 to 2.5 seconds, and boosting performance.	

Locus Elite	Hyderabad, India
Software Developer	Sep 2020 - Jul 2022
<ul style="list-style-type: none">• Developed core Java-based customer service apps with ticketing and live chat, enhancing service delivery by 32% for 15+ users.• Optimized REST APIs, reducing load time from 5 to 3 seconds, boosting user experience and application performance by 40%.• Refined SQL procedures with indexing in Oracle, cutting query execution time by 30% and enhancing database performance.• Created interactive and user-friendly web UI using React, JavaScript, HTML5, and CSS3, increasing user engagement by 22%.• Collaborated in coding sessions and peer reviews to improve code quality and adhere to Agile best practices.	

LEADERSHIP & ACTIVITIES

Training Program Volunteer for International Student Association (ISA) - UNT	Jan 2023 - Mar 2023
<ul style="list-style-type: none">• Organized orientation sessions for 50+ new international students, enhancing their transition experience.• Assisted in planning cultural events, boosting participation by 30% and fostering community engagement.	
Student Activities Council (SAC) Representative - JBIET	Mar 2019- Nov 2019
<ul style="list-style-type: none">• Coordinated student events, increasing turnout by 25% through targeted promotions and outreach.• Managed logistics for workshops and seminars, ensuring smooth execution and positive feedback from attendees.
